**LDVA CONTINUES TO MAKE LOUISIANA MORE VETERAN FRIENDLY,  
ANNOUNCES SUCCESS FROM 2025 LEGISLATIVE SESSION**

**BATON ROUGE, La.**—Louisiana Department of Veterans Affairs Secretary Charlton Meginley, Col (Ret), USAF is proud to announce the department’s success from the 2025 Regular Session of Legislature. Legislation includes protection for military families against discrimination and expands the financial assistance that can be provided to veterans through the Military Family Assistance Fund.

“Governor Landry and the LDVA team is committed to making Louisiana the most veteran-friendly state in our nation, and we couldn’t do it without the help of our state legislative delegation,” said Secretary Meginley. “It is vital that we are able to work with our legislators to continue fulfilling the mission of serving those who served, and I thank them for their support of the veteran community.”

Sen. Franklin Foil authored Act 100 (Senate Bill 66), which prohibits discrimination against service members on the basis of their service in the areas of housing, education and more. Secretary Meginley noted, “This legislation is as much for the military spouse as it is for the service member.” “Military spouses are the backbone of the Department of Defense, most of whom have given up their own opportunities and career to ensure their service member can continue to serve. After hearing the story of a military spouse who was denied admission into an education program because she was an active duty military spouse, I knew we had to address this. Make no mistake, taking care of our military spouses is a national security issue; if we don’t take care of the military family, we won’t have a military. We are grateful to Sen. Foil and all members of the Legislature for this groundbreaking legislation.”

Act 241 (House Bill 116) by Rep. Peter Egan provides for the Military Family Assistance Board to be able to pay for the burials of indigent veterans; pay up to \$1,000 of educational benefits for children of certain disabled veterans; and issue grants of up to \$10,000 to organizations dedicated to helping veterans. The MFA Fund has awarded more than \$2 million to veterans in need of financial assistance.

Additional department legislation includes:

- Act 130 (House Bill 54) by Rep. Dodie Horton provides for colleges and universities in the state to be designated as a “Purple Star Campus” if they meet the necessary requirements. These schools will have demonstrated their commitment to helping veteran and active military students.

- Act 191 (House Bill 387) by Rep. Kellee Hennessy Dickerson provides for the Louisiana Department of Veterans Affairs to adjust any applicable fees for the care and maintenance of spouses and Gold Star families that reside in state veterans homes.
